

COMPANY **PROFILE**

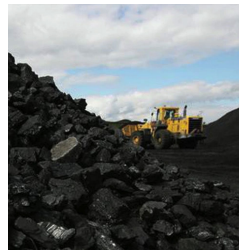

MEKONG DYNAMIC HOLDING

General introduction

I Mekong Dynamic Holding Company

As a diversified conglomerate, Mekong Dynamic Holding operates dynamically and sustainably in the fields of logistics; construction; building materials (quarrying, bauxite ore); food (sausages); manufacturing and trading of high-end indoor and outdoor furniture; agriculture and foodstuffs (Tomax rice); real estate; and fertilizer trading. With a comprehensively developed multi-sector ecosystem, the company effectively meets market demands and creates tangible value for customers, partners, and the community.

With a vision to become one of the leading conglomerates in the Mekong region, Mekong Dynamic Holding continuously innovates, invests in modern technology, and enhances management capabilities to create superior value in all areas of operation. We are committed to providing comprehensive, high-quality, and reputable solutions, contributing to socio-economic development, creating sustainable value, and affirming the position of Vietnamese brands reaching regional and international levels.

Vision - Mission - Core Values

Mekong Dynamic Holding's sustainable development is guided by a strategic vision, a clear mission, and strong core values. These principles direct all activities, reflecting a desire for growth and a commitment to creating lasting value for customers, partners, and the community.

VISION

To become a leading diversified conglomerate in the Mekong region and Vietnam, developing sustainably on a foundation of innovation, professional management, and international integration, aiming for a strong, reputable position and a positive influence in the region and on the global market.

MISSION

By delivering superior quality products and services, optimizing the value chain in each area of operation, we contribute to improving the quality of life, promoting socio-economic development, and affirming Vietnamese brands on the international stage.

CORE VALUES

REPUTATION

The foundation of belief.

PROFESSIONAL

Standards in conduct.

CREATIVE

Driving force for development.

QUALITY

A commitment to no compromise.

RESPONSIBILITY

For sustainable development.

Area of activity

With a diversified and sustainable development orientation, Mekong Dynamic Holding continuously expands its scale and invests in key economic sectors. Through the application of modern technology, improved management capabilities, and leveraging internal strengths, the company aims to build a comprehensive business ecosystem, creating practical and sustainable value for customers, partners, and the community.

01 Logistics & Supply Chain: Providing transportation, warehousing, delivery, and supply chain management services with optimal, safe, and efficient solutions.

02 Construction & Building Materials: Construction of civil, industrial, and infrastructure projects; mining and trading of stone quarries, bauxite ore, and other high-quality building materials.

03 Agriculture & Food: Production of sausages and processed foods; trading and exporting Tomax rice; distribution of fertilizers for agricultural development.

04 Indoor & Outdoor Furniture: Design, production, and installation of high-end interior and exterior furniture to meet diverse market needs.

05 Real Estate: Investment and development of housing, commercial, industrial, and infrastructure projects, focusing on sustainable value and long-term efficiency.

Why choose us?

MULTIDISCIPLINARY ECOSYSTEM – A COMPREHENSIVE AND SUSTAINABLE SOLUTION.

Mekong Dynamic Holding has built a vast business ecosystem encompassing logistics, construction, building materials, agriculture and food, wood products, and real estate. The close connections between these sectors enable us to provide comprehensive, cost-effective solutions, reduce lead times, and increase real value for our customers and partners.

COMMITMENT TO QUALITY, RELIABILITY, AND LONG-TERM EFFECTIVENESS.

Mekong Dynamic Holding possesses a tightly integrated portfolio encompassing logistics, construction, building materials, agriculture and food, wood products, and real estate. This creates a synchronized ecosystem, optimizing resources and generating superior value.

This diversified portfolio not only meets the diverse needs of customers but also provides comprehensive, efficient, and cost-effective solutions, tailored to the demands of the modern market.

STRONG MANAGEMENT CAPABILITIES - EXPERIENCED TEAM

Mekong Dynamic Holding's growth is driven by advanced management capabilities, the application of new technologies, and modern operating models. This enables us to proactively respond to market fluctuations and continuously improve business performance.

Our team of experienced professionals in each field is a crucial foundation that sets us apart. They are always innovative, dedicated, and committed to supporting our clients at every stage to deliver the best results.

Subsidiaries/Affiliates

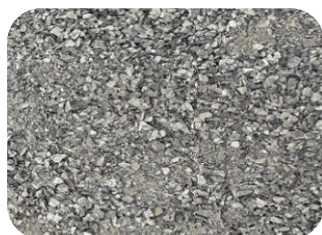

Mekong Dynamic Holding is committed to providing the highest quality products and services, based on a professional, transparent management process and adherence to international standards. We always prioritize the interests of our customers and partners, ensuring timely completion, safety, and efficiency in every project.

With a sense of responsibility, continuous innovation, and a sustainable development philosophy, we strive to create lasting value, make positive contributions to the community, and affirm our position in the domestic and international markets. We believe that every collaboration is an opportunity for mutual growth and achieving new successes.
